MEMORANDUM FOR: Deputy Director of Central Intelligence

SUBJECT: Senior Review Panel Comments on Draft
Special National Intelligence Estimate
(SNIE) 37-89: Afghanistan: The War in
Perspective (Fast-Track), internally
dated 20 November 1989

1. The Panel has considered the Afghan draft over the two hours since its receipt. Generally, our quick impression of the paper is that it covers the essentials of the problem, is well-organized, and for the most part clearly written.

2. Our only further comment is to suggest that the draft would be strengthened by the inclusion of some economic data for the Kabul regime, the Interim Government, and the resistance groups. Much of this--including some quantification of Soviet and non-Soviet aid--could be carried by a few well-chosen graphics.
